5. **Open Forum**

5.1 ESCC Cllr John Barnes reported as follows:

5.1.1 The previously reported proposed cuts of £17 million will now only be £5 million This is a one off and the following year is forecast to have £18 million worth of cuts. Council Tax is being increased by 4% Services spending of £375 million means that children's services are amongst the best in the country. Adult social care is further integrated with health care. Next year there will be a fairer funding review, a spending review and a Green Paper, so hoping for better news.

5.2 RDC Cllr Eleanor Kirby-Green reported as follows:

5.2.1 Council Tax is increasing by 1.9% (approximately £5 per household) There is no funding from central government. The bulk of spending is on police for safer communities, improving the 101 service and 100 new PCSOs for rural areas

5.2.2 Cllr Kirby-Green reminded the Council of the existence of Community Grants – Dallington recently received £500 to install Broadband into the village hall

5.2.3 She also asked about the development of council sites, particularly Park View, which although owned by the Council is vacant, but not leased. Cllr French confirmed that it is vacant & not leased, but has not been developed as there is asbestos on the site.

5.3 Oldwood Surgery PPG:

5.3.1 Steve MacDonald came to the meeting to explain what the PPG do – namely provide a conduit between GPs and their patients to report on services, help with health improvement initiatives and shape the practice. A new surgery is being built in Robertsbridge behind Culverwells and there is an opportunity to have input into the kind of services that will be on offer. The PPG have an online service and are keen to hear from members of the public. They can organise talks, demonstrations on use of equipment such as defibrulators and hold bi-monthly meetings ready to feedback information gathered.

The Chairman invited the Tree Warden to address Council, rather than wait until item 9.3.1 on the agenda.

5.3.2 Tree Plan

Doug Edworthy reported that following the last meeting, a Tree Group has been formed of volunteers (a good response – 7 members of the public) and that there are 3 phases to the plan: a survey of trees & their value; analysis of the stock and finally a form of proposals to the PC. Doug Edworthy is waiting for approval from the Council to go ahead and also for the Tree Council for advice on how to record information and data gathered. The Chairman asked some questions on how the survey will be carried out as there are literally thousands of trees, and Mr Edworthy explained that blocks of land will be denoted as “mainly...” whilst highlighting any particular noteworthy trees. Landowner’s permission will be required, but a lot can be surveyed from footpaths with a pair of binoculars. Cllr Lambert-Gorwyn proposed and Chairman Wedmore seconded the proposal for the group to go ahead.

5.3.3 A member of the public complained about erosion of the carriageway at the bottom of Rectory Hill between the ditch & the verge. The Clerk suggested that she file a report online to East Sussex Highways and will be given a Case ID which the Clerk offered to follow up with the Customer Services Manager.
